

7/9/21

Parents,

Today on the news it was reported that there was a major Covid outbreak at a local gymnastics facility.

It was NOT Victory Gymnastics! This is due to the fact that we have had very strict guidelines in place for the last year, and have worked hand in hand with the Cleveland County Health Department.

We have cleaned our mats and equipment daily, coached in masks, and require our parents to wear masks while in the facility.

Until the pandemic numbers decline significantly, we will continue to keep these CDC policies in place.

Thank you for understand and for allowing us to coach your awesome gymnasts.

We believe safety is a priority with your children!!
